Legal positivism is one of the fundamental theories of jurisprudence studied in law and related fields around the world. This volume addresses how legal positivism is perceived and makes the case for why it is relevant for contemporary legal theory. The Cambridge Companion to Legal Positivism offers thirty-three chapters from leading scholars that provide a comprehensive commentary on the fundamental ideas of legal positivism, its history and major theorists, its connection to normativity and values, its current development and influence, as well as on the criticisms moved against it.

Torben Spaak is Professor in Jurisprudence at the Department of Law, Stockholm University.

Patricia Mindus is Professor in Practical Philosophy and Director of the Uppsala Forum for Democracy, Peace and Justice.

Organiser: The International Association of Philosophy of Law and Social Philosophy. The book will be presented at the annual IVR conference, which this year carries the title: Reflections on the Law – Perils, Potentials, Perspectives.

Conference program: https://ivr-sweden.com/
